Wolverhampton BID Excellence Awards: A Night of Networking, Celebration and City Centre Pride

Cherry Shine, Wolverhampton BID's managing director, reflects on the ceremony:

"Grand Station was the absolutely stunning venue for our Awards Night and it did not disappoint.

From the moment we opened the doors to the Old Ticketing Hall on 13 July and drinks were served under the beautiful crystal chandelier, it was amazing to see everybody arriving, excited and dressed in their best outfits, eager to celebrate together.

Hit the Dhol provided a fantastic and dramatic introduction to proceedings. Their drumming reverberated in the air as they led everyone into the Grand Hall for the ceremony and dinner.

50 businesses and more than 230 guests were in attendance, representing every industry and level, from shop floor and administration to senior leadership and management.

There was a real sense of pride and community as people sat down together at the tables bedecked with candles and floral centrepieces.

Our host, Greatest Hits Radio's Andy Goulding, brought a professional, yet warm and engaging tone to the evening.

It was also fantastic to welcome Wolverhampton South West MP Stuart Anderson, who had travelled directly from Parliament to celebrate and recognise the hard work of our city centre businesses and people.

Our aim was to host an event that was enjoyable not just for the winners, but for everyone who attended. There additional prizes and surprises throughout the night.

One of the highlights of the evening was the surprise performance by the "singing waiters".

Two former West End performers fooled everyone when, whilst helping to clear the main courses, dropped a tray of cutlery. They then launching into a fabulous 30 minute set which included "Sweet Caroline", "Proud Mary" and "(I've Had) The Time of My Life".

They even started a conga which snaked through the Grand Hall. Where else do you get the opportunity to network like that?!

Most of all, it was incredible to see our city centre businesses recognised for their dedication, resilience and determination.

It's been said more than once about how tough the judging process was - and it's absolutely true. I saw the judges first hand and I was glad not to be in their shoes.

However, I read all of the applications and it was a privilege to find out more about your businesses and all the personalities that drive them. I just wish there could have been more winners!

Congratulations to all of the winners and Highly Commended businesses. Be very proud of what you have achieved."

Iain Watkins, Wolverhampton BID chairman and BID Excellence Awards judge said "it was fantastic to see all the people I'd met through the judging process again and feel their excitement.

There was a real buzz in the air. It was such a positive and affirmative event, and the judging process was inspiring and really quite emotional. I'm delighted and proud to have been part of it."

The judges said "We would like to award highly commended to Dicky Dodd for his outstanding contribution to The Haven. He is an inspiration."

The People's Favourite Business

The People's Favourite Business award celebrated those who deeply understand their customers and anticipate their needs. They go the extra mile and make their customers' days brighter and lives better in their own unique way, whatever the sector.

This was different from all the other award categories as it was down to a public vote. The nomination process opened in February when the awards launched. Over the next few months, businesses from across the city centre worked hard to secure nominations. Five finalists were shortlisted in May from 1,700 public nominations:

- ★ Boots
- ★ K Teas
- ★ New Look
- ★ Eclipse Kickboxing
- ★ Sweet Memories

They were all worthy finalists. They campaigned hard, sharing links to nominate and vote on social media, printing off QR codes and placing them around their premises and using it as a talking point to engage customers.

But there could only be one winner...

The Winner: Eclipse Kickboxing

Eclipse Kickboxing won with an impressive 662 votes, more than 230 than second place.

Eclipse was started 32 years ago by Fran Zuccala, a two-times World Champion full contact kickboxer, with a £3,000 loan from the Prince's Trust.

Just before the pandemic they moved to their own premises. Fran said that this was the worst time to move and it was almost the end of Eclipse. However, he credits the survival of the business to their loyal customer base.

Now Eclipse teach 700 students in their centre on Tempest Street, offering kickboxing, boxing and gracie jiu jitsu lessons and competitions. However, for Fran, the

Eclipse Kickboxing Team

discipline and consistency that the martial arts instil in his young students (and much-needed time away from social media) are most important.

Fran said "It's like winning the lottery, I can't believe it!"

"We try to keep a family vibe at Eclipse and I think that's what makes us so successful. If mums drop their kids off, they sit in reception and have a coffee. They relax, they all chat. It's a very communal kind of thing.

"To get the People's Vote is what everybody wanted. I can't stop smiling."

Sponsor Spotlight: West Midlands Metro

West Midlands Metro customers will soon be able to enjoy seamless connections between trams, trains and buses with the launch of our new stops in Wolverhampton.

Connecting the existing network at The Royal to the main railway station at Wolverhampton Station, the extension will also serve Pipers Row for the bus station when it opens on Sunday 17th September 2023.

Following thorough testing and driver familiarisation on the new line, its official launch will mark another milestone for the growing Metro system and another major boost for the thousands of people who rely on it every day for business or leisure.

Visitors from outside the area by bus or train can simply hop on a tram for onward travel to some of the region's top cultural and sports venues, while local communities

will benefit from an even better-connected transport network. We can't wait to welcome them aboard our trams."

The driver training programme followed the handover of the new line to the operator by the Midland Metro Alliance, which is responsible for the design and construction of the tramway extensions, on behalf of Transport for West Midlands.

When the extension opens, it will serve the new stops at Pipers Row and Wolverhampton Station for a short time only. During this time, the team from Midland Metro Alliance will be completing systems integration activities and street scene improvements in the vicinity of the current terminus at Wolverhampton St. George's which will then allow for two termini operation later this autumn.

Wolverhampton BID Excellence Awards in the News

The awards programme has attracted coverage across West Midlands media.

The Express and Star covered the launch event on Valentine's Day with Sounding the note to launch city centre business awards.

The newspaper also ran a story to promote the media partnership with MNA Digital in Joining forces to promote city awards.

BID Excellence Awards winners were celebrated and featured in a photo gallery of the Awards Night in The best in business in Wolverhampton.

The People's Favourite Business category was promoted with an advertising campaign on Free Radio. A two week campaign in May encouraged the public to nominate their favourite city centre businesses.

A further two week campaign in June promoted the public vote and encouraged people to vote for their favourite from the five finalists.

BBC WM's Elise Evans proved to be a big champion of the awards, inviting us to speak on her show three times.

In March, Elise interviewed Cherry Shine about the launch of the awards. This was followed by an interview in June with Cherry and Sioux Jones, director of Rudell the Jewellers and finalist in Retail Excellence. People's Favourite Business winner, Fran Zuccala from Eclipse Kickboxing, was interviewed alongside BID chairman Iain Watkins after the awards on Saturday 15 July.

Our awards night host, Andy Goulding gave a Wolverhampton BID Excellence Awards shout out on his Greatest Hits Radio show the following day, Friday 14 July.

Cherry and a number of finalists including Vicky Price from Wolverhampton Grand Theatre were also interviewed by Jason Forrest on his Wolverhampton Today afternoon show on WCR Fm.

Social Media, including Instagram and LinkedIn, also saw many posts and photos about the awards, using the tags #BEAwards23 and #EnjoyWolverhampton.
